

**ALWAYS LEARNING,  
ALWAYS GROWING.**

Dear Candidate,

Our District requires all prospective employees to undergo, or have taken within the past ninety days, a physical and drug screen. These tests do not qualify for reimbursement and the applicant is responsible for the payment of their invoice.

If you do not have a personal physician, or if there would be an extended wait for an appointment, the following facilities will be glad to set up and appointment as soon as possible for you. These agencies currently charge approximately \$100.00 for their services.
